# RISK MANAGEMENT SPECIALISTS

Delivering professional risk management capabilities across the Middle East and Africa.

## About Us

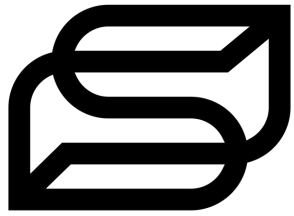

SABRE Risk is a bespoke Risk Management company based in Dubai, focused on providing clientele with the highest level of niche security services throughout the Middle East and Africa, with a core focus on Executive Protection and Secure Transportation.

Steered by security risk management professionals and business leaders, with over forty years of international experience, and over two decades of experience focused within the Middle East and Africa.

Our leadership have the proven ability to advise, plan, and deliver protective security programs in some of the most challenging and complex environments in the regions stated above, for some of the world's most influential "at risk" individuals.

Our existing clientele range from UHNWI's to high-profile recording artists, celebrities, and athletes. Our portfolio is niche, ensuring we can support our clients around the clock, and always maintain one hundred percent dedication.
